This awe inspiring artistic homestead has tons of flair and even more potential. Built in the early 1980's, this little peace of serenity boasts hard frame and a cedar shake roof. A stone fireplace with access on both the main level and basement, where a wood burning stove is located. This home is literally a 3500 sq. ft. artist's canvas.

The grounds boast an abundance of both natural and man made scapes. Stone walls and walkways are all around the property. An irrigation system run off a natural well keeps the custom landscape around the home maintained.

This home is sold as is. All buyers will be prequalified. Call for an appointment today!
